

ACT 1 — ARRIVAL

The hero machine arrives. Establishing shots.

A1 PALLET STOP
XE17U dragged to a stop on the warehouse floor.

A2 DRONE HAUL
Top-down drone shot of the flatbed haul.

B1 HYPE HERO
Supercar reveal — rim-lit, dark studio.

ACT 2 — THE PROBLEM

The VO-silence beat, then the bush workaround failing.

A4 RAIN, NO COVER

Luke on the track in the rain — VO silence.

C TARP GAG

Wind takes the tarp. Ocky straps snap.

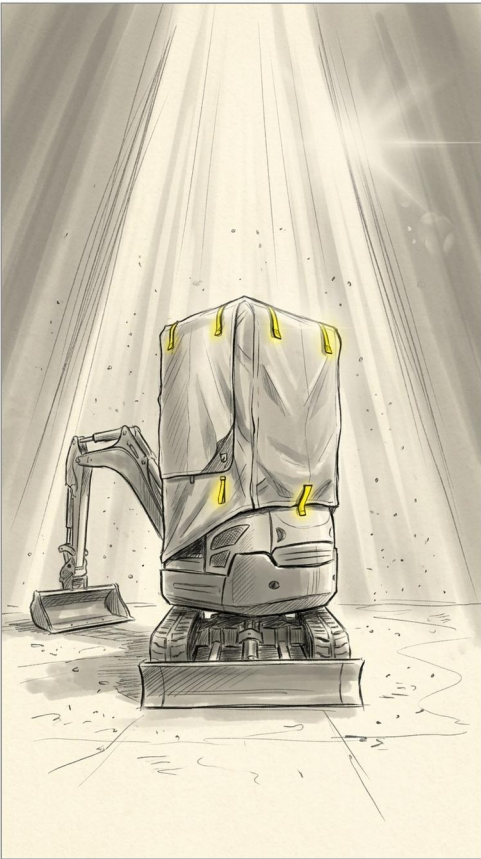

ACT 3 — THE REVEAL

Founders + the perfectly fitted cover.

D BROTHERS + COVER

Founders touching the fitted cover.

E THE REVEAL

Cover perfectly fitted. God-rays. Yellow tethers.

ACT 4 — THE THREE THINGS

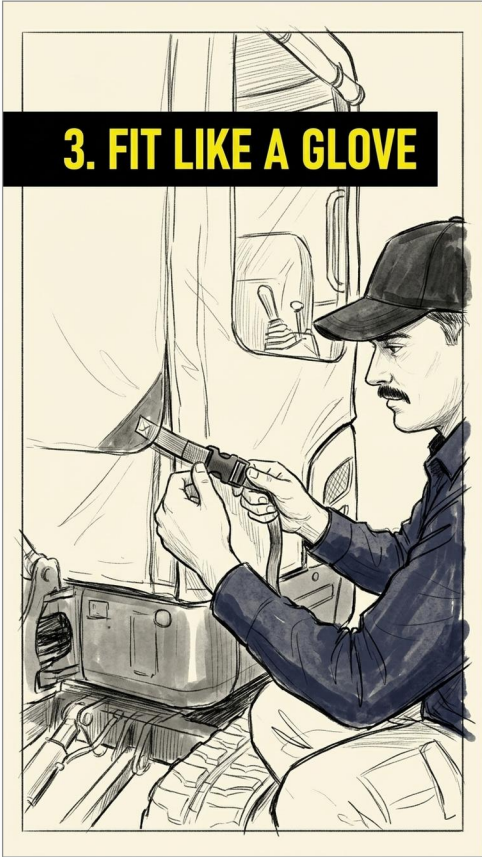

Tough as nails, see everything, fits like a glove.

F1b F1b

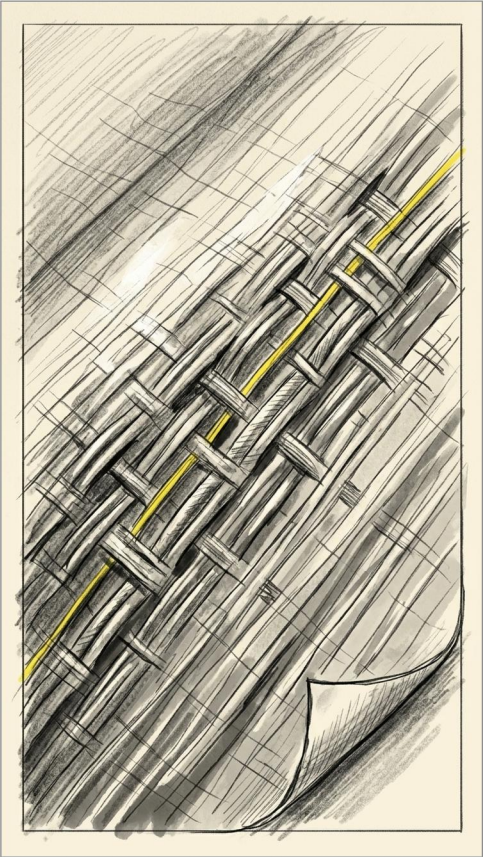

F2b F2b

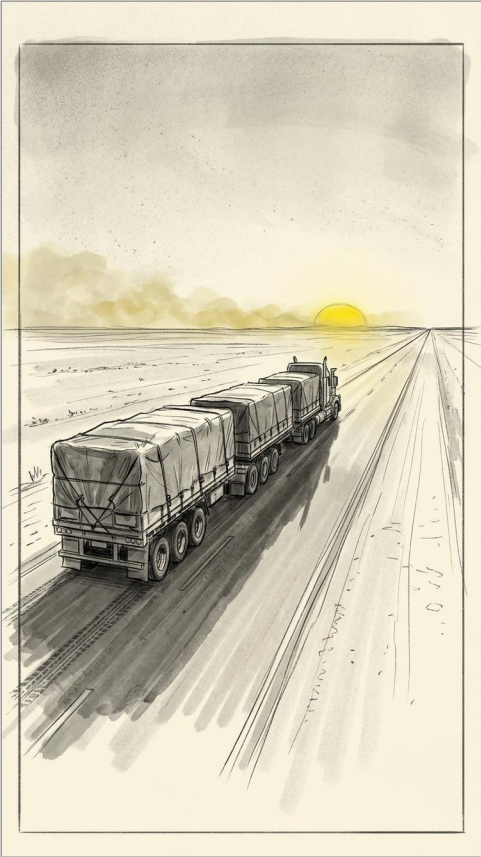

F3b F3b

ACT 5 — MATERIALS

Macro to road-train credentialing leap.

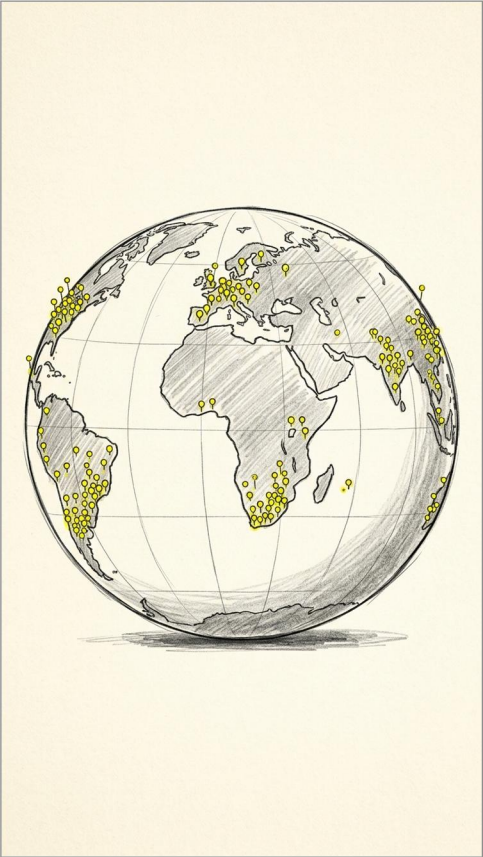

G1 RIPSTOP MACRO
490 GSM PVC-coated polyester weave.

G2 NULLARBOR
Road train, same fabric class.

ACT 6 — GLOBAL

Customer machines around the world.

H GLOBE

Globe of customer machines, yellow pins.

ACT 7 — ALL CONDITIONS

Wind, hail, heavy rain — cover holds firm.

11 DRIVING WIND
Cover taut, debris streaks past.

12 HAIL
Hailstones bouncing off the PVC.

13 HEAVY RAIN
Water sheeting off, cover impervious.

ACT 8 — TORTURE TESTS

Tug-of-war stretch test and crush test.

J1 TUG OF WAR

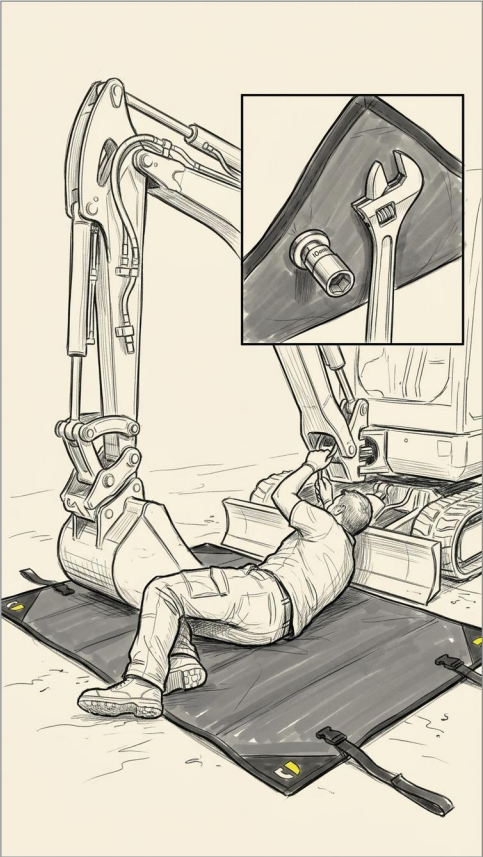

Cover tied to each machine's rear, pulling apart.

J2a J2a

ACT 9 — THE RANGE

The wider DiggerLid product family.

K1 PRO MAT
Operator on the mat + magnet inset.

K2 THE HAULER
Bag loaded, shouldered, walked to the ute.

ACT 10 — FINISHER

Boys in the merch hoodies, brand frame.

L1 HOODIES (MERCH)

Boys repping the DiggerLid Workwear Hoodie.

L2 BRAND FRAME

Clean wordmark end-frame, composited from logo-primary.png.
